

May 8, 2007

We will be timing multiplication facts and having multiplication sundaes soon. Each test will have 25 facts and will be timed for $1\frac{1}{2}$ minutes. (We usually time this number of facts for 1 minute.) In order to have passed the test to receive the item that goes with that set of facts, 23 must be correct in the minute and a half. Students will be allowed to try as many times as they need up until the day of the sundaes. We will begin timing next Friday, the 15th and will continue the first part of the next week. I am planning to have the sundaes on Friday, May 22. I will be listing the items we need for our sundaes on an attached paper. If you would like to send something in, please check off what you would like to send and return the paper to school with your child on Monday. If there are multiple volunteers to send in one item, I'll draw names for who will be asked to send it in. I appreciate any offers from anyone who would like to send in items. I will send a note to anyone who has volunteered to send something in by Wednesday, the 13th.

Thanks,

Ms. Six

These are the items that will be needed to have our sundaes. If you would like to volunteer to send in something, please check it off and send the paper back to me as soon as possible. I'll let you know if you will need to send in the item by Wednesday, the 13th.

Thank you,
Ms. Six

Name :

_____	LARGE bowls	_____	chocolate syrup
_____	spoons	_____	whipped cream
_____	whole cherries	_____	sprinkles
_____	bananas - how many?	_____	
_____	vanilla ice cream - how much?	_____
